Transaction and Operational Costs

Brokerage costs

When you acquire or sell listed securities, brokerage will be charged at the rate negotiated between your Financial Adviser and the relevant broker. The fee charged will depend upon the broker selected and will be a maximum of 1% or up to \$100 minimum brokerage per transaction (excluding GST) for ASX Listed Securities, and a maximum of 2% or up to \$200 minimum brokerage per transaction (excluding GST) for International Securities.

This fee is added to the purchase or deducted from the sale amounts of each transaction. For more information on the brokers available, please speak to your Financial Adviser.

Brokerage costs – Model Portfolios

Changes in Model Portfolios (whether initiated by you, or by the relevant Model Manager) will lead to various trades of securities, and therefore brokerage. As described in the Product Disclosure Statement associated with this Approved Product List, such brokerage should be lower than if you held the securities directly, as trades are first netted between investors transacting in such securities, and only post-netted trades are sent to market. Brokerage is shared across all investors whose Accounts participated in each particular trade and deducted from your Model Portfolio cash holding. These may be up to 0.07% per ASX listed security and up to \$25.00 plus GST for Managed Funds.

Other fees

- An Office of State Revenue in-specie online processing fee per transfer of \$4.84 per transfer.
- An administration fee per in-specie transfer of each managed funds of \$38.50.
- An administration fee per in-specie transfer of each ASX listed equity may apply. Speak to your Financial Adviser for more information.
- NCBO transfers exceeding \$8,300.00 incur stamp duty of \$50.00. If below \$8,300.00 the stamp duty will be the higher of \$10.00 or the ad valorem calculation of \$0.60 per \$100.00 or fraction thereof of the value of the securities. These fees are deducted from your Cash Account if and when they are incurred
